Create Landing Pages that Convert

DAVID STURTZ | PRODUCT STRATEGY DIRECTOR
BEN DILLON | CHIEF STRATEGY OFFICER

GEONETRIC®

What is a **landing page**?

Navigation?

- *A homepage or main page for a section*

Google Analytics?

- *First page of your site visited in a user's session*

Search Engine Optimization?

- *Page optimized for particular keyword phrase(s)*

Pay-per-Click?

- *Page that your ad(s) link to*

A Landing Page Has Two Goals

1. Attract & retain traffic
2. Get users to take a specific action

A Typical Conversion Funnel

What's a **conversion**?

Revenue

- Appointment scheduled
- Screening or class for fee

Actionable Leads

- Information session/tour
- Phone call (trackable)
- Risk assessment (with email)
- Download (with email)
- Email campaign sign up

What's a **micro-conversion**?

Engagement

- Pages / screens viewed
- Multiple visits
- Video views
- Use of dynamic page elements (e.g., image enlargements, calculators, tabs, accordions, etc.)
- Anonymous downloads

Un-focused Interactions

- Social shares, follows
- Email newsletter sign up
- General contact us
- Added to retargeting list

Elements of a Landing Page

- Connected to user's task / link / ad
- Clear value proposition
- Trustworthy & credible
- Necessary information to make a decision
- Call to action

When do you need a landing page?

User Need + Call to Action

For example:

- Women ages 45 to 75 + Download Mammogram Guide
- “mammogram guidelines family history” + Download Mammogram Guide
- Women ages 45 to 75 + Schedule Your Mammogram
- “mammogram second opinion” + Speak to a Physician

Which call to action?

- Schedule an appointment
- Sign up
- Register now
- Call today
- Request a call
- Download
- Subscribe

Revenue

- Appointment scheduled
- Screening or class for fee

Actionable Leads

- Information session / tour
- Phone call (trackable)
- Risk assessment (with email)
- Download (with email)
- Email campaign sign up

Think Mobile First

- Test pages on top mobile devices
 - Technical (videos, load times)
 - Content (length, order)
 - Design (target sizes, touch support)
- Reduce download times
- Ensure phone numbers are click-to-call
- Keep forms simple, use HTML5 input types

Ex. Partial Responses

 ▶ **Form Responses** ▶ **Physician Promotion eBook**

Form Version 	Response Counts		
	All 	Complete 	Partial 
Version 16	59	50	9
Version 15	1	1	0
Version 14	21	16	5

CRM Integration

- Close the data loop
- Real-time connection
- Marketing automation
- Use CRM insights to make the web smarter
- Gather email everywhere

Promoting Landing Pages

Measurement

- Use campaign tracking
- Track conversions using Goals & Funnels
- Track significant micro-conversions using Goals
- Track additional micro-conversions using Events

Calculating Conversion Value

Example 1

- \$100 per screening
- 3/5 screening requests complete screening

\$60 goal value per screening request.

Example 2

- \$20k net income per surgery
- 2/3 candidates have surgery
- 2/5 in-person visits are candidates
- 3/5 info session attendees schedule in-person visit
- 4/5 info session registrants attend

~12/100 registrants have surgery

\$2,400 goal value per registrant

A man and a woman are kayaking on a calm lake. The woman in the foreground is wearing a red life vest and a blue shirt, smiling as she paddles. The man behind her is wearing an orange shirt and a grey cap. They are in blue kayaks with yellow paddles. The background shows a green shoreline under a clear sky.
